WELCOME MESSAGE

Welcome to the vibrant city of Dubai,

It is with immense pleasure and anticipation that we extend our warmest greetings to each one of you where we embark on a collective journey towards achieving Excellence in Oncology Care (EIOC).

Over a decade, EIOC has transformed and aspired to stand as a neutral platform where all healthcare professionals come together to Access, Collaborate, and Educate for the betterment of patient care.

EIOC has been a beacon, bringing together some of the most exceptional minds in multidisciplinary Oncology Care and advancing oncology medical education in the UAE and beyond. EIOC 2023 is a testament to this legacy, made possible with the unwavering support of esteemed institutions and associations, including the **Dubai Health Authority** (**DHA**), **Dubai Economy and Tourism**, and ourvalued collaborators, the **Arab Association of Urology (AAU)**, the **Arab School of Urology (ASU)**, **Emirates Oncology and Hematology Nursing Society** and the **International Federation of Head & Neck Oncologic Societies** (**IFHNOS**). This meeting would also not have been possible without support from our industry partners and request you all to kindly take time to visit their booths and network.

In an era where data, research, and science are evolving at an unprecedented pace, we are thrilled to announce that EIOC 2023 will be hosted at Intercontinental Hotel – Festival City in Dubai, with live, in-person sessions taking place on the 6th and 7th of October 2023. Additionally, on the 8th of October, 2023, we will be offering a virtual program, ensuring accessibility to a broader audience.

EIOC over the next 3 days promises to be a truly exceptional event, with lineup of global experts who will lead dedicated sessions on the most pressing topics in Oncology Care, ranging from Breast Cancer, Lung Cancer, Immuno Oncology, GI Oncology, Molecular Tumors, Oncology Nursing and many more.

The EIOC team eagerly anticipates your presence as we come together to advance medical education for all healthcare professionals at EIOC 2023. Your participation is integral to the success of this event, and we are confident that your insights and contributions will make a significant impact on the field of Oncology Care.

Once again, **welcome to EIOC 2023**, and we look forward to sharing this remarkable journey with you.

Regards,
On behalf of EIOC 2023 Leadership
